Good evening all,

In an earlier email I shared interim guidance outlining the “interim Requirements” related to entry into EPA facilities for contractors and visitors and are in place pending the full implementation of Executive Order 14042 COVID-19 Workplace Safety Guidance for Federal Contractors and Subcontractors. I am now sending out a mod which will incorporate 52.223-99 Ensuring Adequate COVID-19 Safety Protocols for Federal Contractors into the contract. This will be a bi-lateral mod. Please sign and send back a copy so that I may counter sign and execute the mod. Once again, should you have any questions, please submit them to me so that I may compile them and forward them to our COVID-19 coordination team.

William M Yates
